

LUMEN - Pioneer for innovative soft ice cream technology

Innovative products, leading technology and the highest quality - that is what LUMEN stands for. As an innovator in the industry and inventor of the pasteurisation system, LUMEN is the epitome of soft ice cream. For more than 60 years, over 1,000 highly frequented locations worldwide have benefited from the self-service function, modern payment systems and tried-and-tested service, among other things.

Advantages at a glance:

-  Self-service
-  Constant ice-cream quantities (in relation to constantly high overrun and input of material)
-  Various payment systems - including cashless
-  Low life-cycle costs
-  Remote maintenance + manufacturer service in all of Europe
